

Dear SCD,

We are excited to launch the new SCD Library Portal, currently featuring extensive resources from EBSCO with more to come in the new year. The Library Portal can either be accessed via the menu through www.scd.edu.au or directly via the following link.

Please find login details attached below:

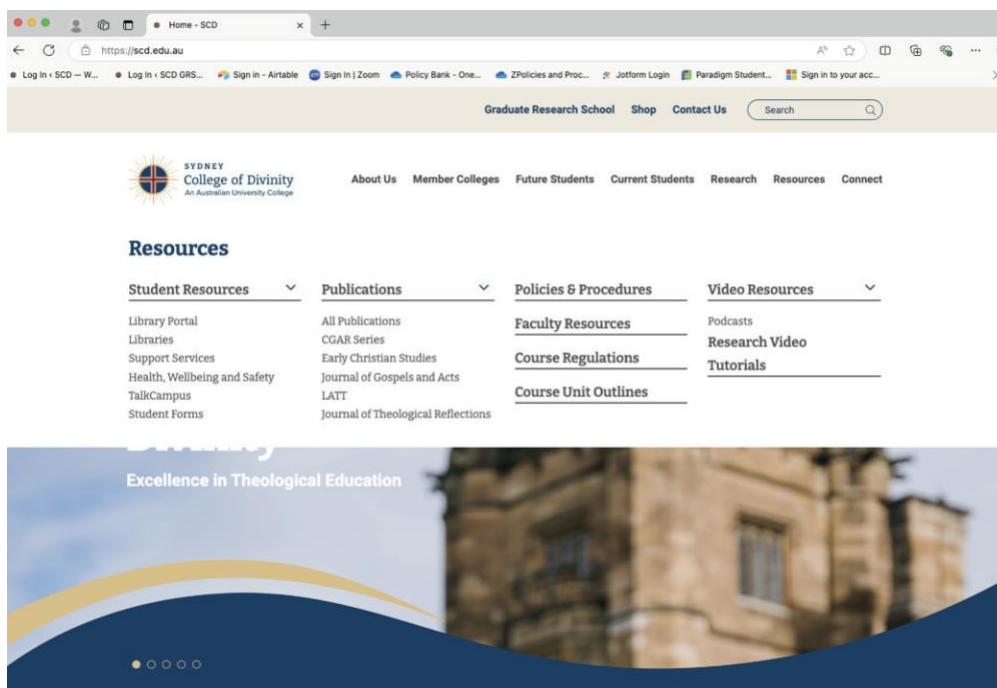

- **Library Portal Login:** <https://scd.edu.au/resource/student-resources/library-portal/>

- **Password:** 156533

(please note the password will change periodically every 6-12 months, at which time you will be advised of the updated information)

To search via the SCD website:

Step 1: go to www.scd.edu.au, on the top menu hover over 'Resources', then 'Student Resources' on the left side menu, then select 'Library Portal'.

You will then be taken to the following link (<https://scd.edu.au/resource/student-resources/library-portal/>) – (as per screenshot below in **Step 2**).

Step 2: enter your password '156533' and select 'Enter' – (as per screenshot below)

The screenshot shows a web browser window with the URL <https://scd.edu.au/resource/student-resources/library-portal/>. The page features a navigation bar with links for Graduate Research School, Shop, and Contact Us, along with a search box. Below the navigation is the Sydney College of Divinity logo and a menu with links: About Us, Member Colleges, Future Students, Current Students, Research, Resources, and Connect. A large dark blue banner contains the text "Protected: Library portal" in white. Below the banner is a breadcrumb trail: SCD > Resources > Student Resources > Protected: Library portal. The main content area displays the message: "This content is password protected. To view it please enter your password below:" followed by a password input field containing "*****" and an "Enter" button. At the bottom, there is a footer with the Sydney College of Divinity logo and name.

Step 3: once logged into the Library Portal, you can search articles, books & journals via the search box by **entering the required title**, and then selecting the 'magnifier' to search – (as per screenshot below)

The screenshot shows the same web browser window as in Step 2, but the page content has changed. The "Protected: Library portal" banner is still present. Below the breadcrumb trail, the EBSCOhost logo is displayed. A search box contains the text "Search articles, books, journals & more" and a magnifying glass icon. Below the search box are two checkboxes: "Full text" and "Peer reviewed", and a link for "Advanced search".

You will then be taken to the search results – (as per screenshot below).

The screenshot shows a web browser window with the URL <https://research.ebsco.com/c/h5ep32/search/results?autocorrect=y&q=book>. The page header includes the Sydney College of Divinity logo and navigation links. The search bar contains the term "book". Below the search bar, there are filter buttons for "All filters (0)", "Full Text", "Peer Reviewed", "All time", and "Source type". The search results are displayed in a list format. The first result is a peer-reviewed journal article titled "Less is not always more: Rich and meaningful counting books lead to greater gains in number understanding than sparse counting books." by Carrazza, Cristina; Levine, Susan C., published in Developmental Psychology, Sep 30, 2024. The second result is an eBook titled "The People's Book: The Reformation and the Bible" by Jennifer Powell McNutt; David Lauber, published by Wheaton Theology Conference, 2017. The page also shows a sidebar with "My dashboard" and "Research tools" sections.

Please let us know if there is anything further we can assist with regards the Library Portal.

Kind regards
Sydney College of Divinity
